Richard's Monthly Recap

Looking ahead to the month in trading

Hello everybody and welcome to our September edition of our newsletter. Huge welcome to all the new people that are joining the family. I look forward to helping you improve life in general but more importantly how to make money in the markets.

September is looking like an exciting month for trading, we have pretty much a big event on a daily basis looking at the Economic Calendar, so exciting trading ahead. Look out for the links for our upcoming events such as the Group Mentoring Session and the Federal Reserve Interest Rate decision to name a few.

We are working on a brand-new classroom event, keep your ears and your eyes open for this. Don't forget you can claim up to £499 for each person that you refer to us. For more information on this please feel free to reach out to me personally.

Massive shout out to the team, including my daughter Georgia Williams, my wife Helen Williams and my partner in crime Mr Martin Smith who I am delighted to announce will be assuming the role as Managing Director of SSG in the coming months.

It's been a fantastic summer so far, not just from a weather perspective but certainly from a trading perspective. Massively proud of everybody that's living the dream and making a living from this little community we have. I feel so lucky to be a part of this and I'm really looking forward to seeing out the rest of the year, bringing in new blood and supporting our existing family.

Over the coming months there will be various other changes and improvements to the service we provide, these will be disclosed in October's newsletter.

We need to get a date in the diary for our Christmas party which is looking like it's going to be a busy one this year. I've always dreamt of hiring a hotel putting on a suit and doing an awards evening dinner and a dance would be fantastic maybe this year we can pull it off.

That's it from me. See you in the room. Have a great one.
